AFTER MANY YEARS.

An Affecting Meeting Between a Father and Son in St. Louis.

St. Louis, September 24. - A very affecting scene took place at the Union depot yesterday morning, between father and son, who had not met for 25 years. Shortly before the arrival of the Ohio and Mississippi fast train from the east, there appeared at the depot an old man about 80 years of age, whose dress and manners told at once that he was not sccustomed to city life. He appeared very uneasy and asked many times during that ha'f hour preceeding the arrival of the train mentioned if it was on time, and if it was sure to come in that depot. The depot and train, answered him civily.

the passengers began to get off and people: 45 years of age. He was a fine look- instructions. the stranger describing his son. THAT BIG APPLE DEAL

How a Cincinnati Firm Outwitted Eastern Buyers at Independence.

Cincinnati Sept. 22.-Apple buyers all over the country are very much interested and surprised at the brilliant capture by a Cincinnati fruit buyer, who has secured the apple orchard of L. P. Williamson, who lives near Independence, Mo., and which is said to be the best orchard of apples in the country. F. Kushman, the purchaser, in conversation with a reporter, said: "There is no doubt that I have secured the best orchard in the United States. There is carcely an imperfect appple in the lot. I paid \$12.000, and will get about 8,000 barrels of good fruit. There are 140 acres in the orchard, and I would not give \$6,000 for the who'e farm. The trees are twelve years old and this is the first good crop they have borne, or probably will bear for a great many years. I had to steal a march on the other farmers all knew New York and Chicago dealers, but not those of Cincinnati. I said that I wan'ed a couple of carloads of apples. I was told to go to some of the dealers. Well I take \$12,000, I took him up at once. He tried to bluff me by Well, that phazed him. Here is the ing man, about 6 feet tall, were a full Then go to work, soliciting small receipt and there are a dozen of the
